

Dear Cadets,

Corsage or wristlet... that is the question! When deciding which should you buy, please consider:

- Is your date wearing a gown that has straps or does not have straps ?
- What do you have in mind? Do you want to get her a pink rose corsage? That sounds nice but it may or may not work with her dress, colors, jewelry, hair, etc.
 - Honestly either way, the wristlet is the way to go.

Also, be sure to ask ***what color*** their gown or dress is and if they would you prefer a corsage or a wristlet. The simple solution is a white rose or carnations since they are always safe with a ribbon to match the dress. Some tips include:

- Order your flowers in advance.
- If you want to be really smooth, and you know her Mom is attending the ball, consider getting a flower for her Mom as well. (Extra brownie points!)
- Bethel Food has the best price for the wristlet or corsage: \$13.99 for a single flower (rose or carnation and \$16.99 for a double rose or carnation.)

This is a great time to seek out the advice of your mom and dad. They will enjoy helping you take on the responsibilities of a true gentleman.
